

Notification to all users of Mining Controls Inc. MSHA Approved Area Lights

The Model 7015-27434 Area Light with screw-in compact fluorescent lamps has been discontinued

The Model 7015-35777 Area Light with a 4 Pin plug-in type PL-T lamp will be the replacement

However, Mining Controls will continue to sell the lamp kit P/N 2021-33251 for the Model 7015-27434

The reason for the change :

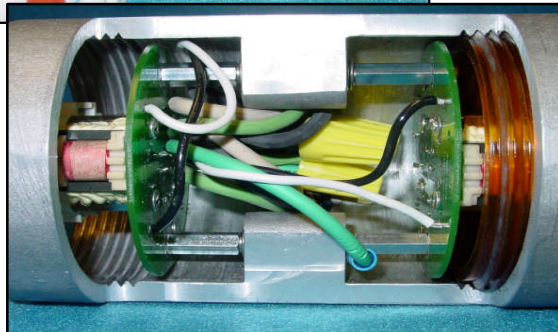

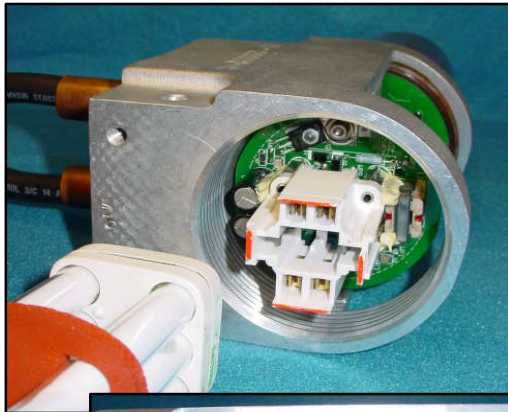

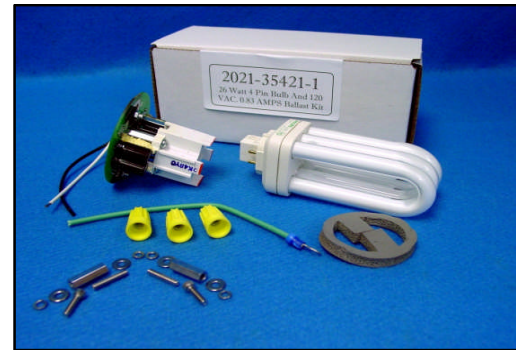

- The quality of the screw-in lamp no longer meets the Mining Controls standards for long life
- The new ballast and lamp arrangement for the Model 7015-35777 will insure a longer lamp life
- The new lamp replacement cost is one half of the current lamp
- The new ballast will live twice as long as the current units and will not need to be replaced with every lamp

UPGRADE

The current Model 7015-27434 can be upgraded by purchasing the upgrade kit P/N 2021-35421-1

NEW LAMP & BALLAST			OLD LAMP & HOLDER		
P/N	DESCRIPTION	LIST PRICE	P/N	DESCRIPTION	LIST PRICE
2021-35421-2	PL-T 26 WATT 4 PIN HIGH PERFORMANCE COMPACT FLUORESCENT LAMP AND GROMMET KIT 120 VAC 0.4 AMPS	\$15.00	2021-33251	23 / 25 WATT BULB KIT (FOR LP LIGHT FIXTURES)	\$40.05
2021-35344	BALLAST FOR COMPACT FLUORESCENT LAMP PL-T 26 W		2021-21126-1	LAMP HOLDER WITH LEADS	\$3.50
